

## BORNEO'S BIGGEST INTERNATIONAL ENERGY EXPO & SUMMIT

# IEW '23

**"Transitioning Towards A Net-Zero Carbon Future"**

**13-15 JUNE 2023 • BCCK, KUCHING**

The largest gathering of top level decision makers and senior government officials in the energy industry in the region is set to take place at IEW 2023 this 13-15 June 2023 at the Borneo Convention Center (BCCK), Kuching. If you are a professional in the energy industry, it's time to make your plans to attend this key event.

IEW 2023, which consists of an international trade exhibition, a high-level summit and multiple technology symposiums, is expected to bring together over 200 exhibiting companies and over 5,000 delegates and participants from more than 15 countries attending, and is also touted as the flagship event for The Ministry of Energy and Environmental Sustainability (MEESy) Sarawak.

Themed "Transitioning Towards A Net Zero Carbon Future", the event is in line with the key initiative of the Sarawak government and will also highlight the development of the Sarawak Corridor of Renewable Energy (SCORE), as well as the development of the new Capital City of Nusantara in Kalimantan.

Mark the dates and be sure to visit IEW 2023 to source for new products, get updated on the latest technologies, share ideas and experiences with industry experts, establish new business partnerships, and build and expand your network in the energy industry in Borneo and the region. See you at the event!

## 5th IEW 2023 SUMMIT TO FOCUS ON BUILDING A NET ZERO CARBON FUTURE

The 5th International Energy Week Summit will deliberate and explore opportunities in Borneo's clean energy transition to power the transition and growth towards a net zero carbon future. This gathering of policy makers, top industry experts, senior government officials and the corporate leaders will serve as an important platform to share experiences and explore business and investment opportunities, especially with the development of the new Capital City of Nusantara in Kalimantan.

Here are some of the top speakers that will be at the summit:

### KEYNOTE SPEAKER

**THE RIGHT HONOURABLE DATUK PATINGGI TAN SRI (DR.) ABANG HAJI ABDUL RAHMAN ZOHARI BIN TUN DATUK ABANG HAJI OPENG**  
PREMIER OF SARAWAK

**THE HONOURABLE DR. HAJI HAZLAND BIN ABANG HIPNI**  
DEPUTY MINISTER OF ENERGY ENVIRONMENTAL SUSTAINABILITY

**THE HONOURABLE TAN SRI DATUK AMAR (DR.) HAJI ABDUL AZIZ BIN DATO HAJI HUSAIN**  
CHAIRMAN, SARAWAK ECONOMIC DEVELOPMENT CORPORATION

**THE HONOURABLE DATU HAJI ISMAWI BIN HAJI ISMUNI**  
CHIEF EXECUTIVE OFFICER RECODA

**THE HONOURABLE DATU HAJI SHARBINI SUHAILI**  
GROUP CHIEF EXECUTIVE OFFICER SARAWAK ENERGY BERHAD

**THE HONOURABLE Y.M. TAN SRI TENGKU MUHAMMAD TAUFIK**  
PRESIDENT AND GROUP CHIEF EXECUTIVE OFFICER PETRONAS

**SURESH SIVANANDAM**  
SALES DIRECTOR ENERGY TRANSITION S&P GLOBAL COMMODITY

**KHALFAN AL MANSOORI**  
PRESIDENT AND COUNTRY MANAGER, MUBADALA ENERGY

**CHEON-HONG PARK**  
EXECUTIVE VICE PRESIDENT, HEAD OF BUSINESS DEVELOPMENT DIVISION SAMSUNG ENGINEERING CO., LTD.

**KIM, TAE-HYUNG**  
VICE PRESIDENT HYDROGEN BUSINESS POSCO HOLDINGS

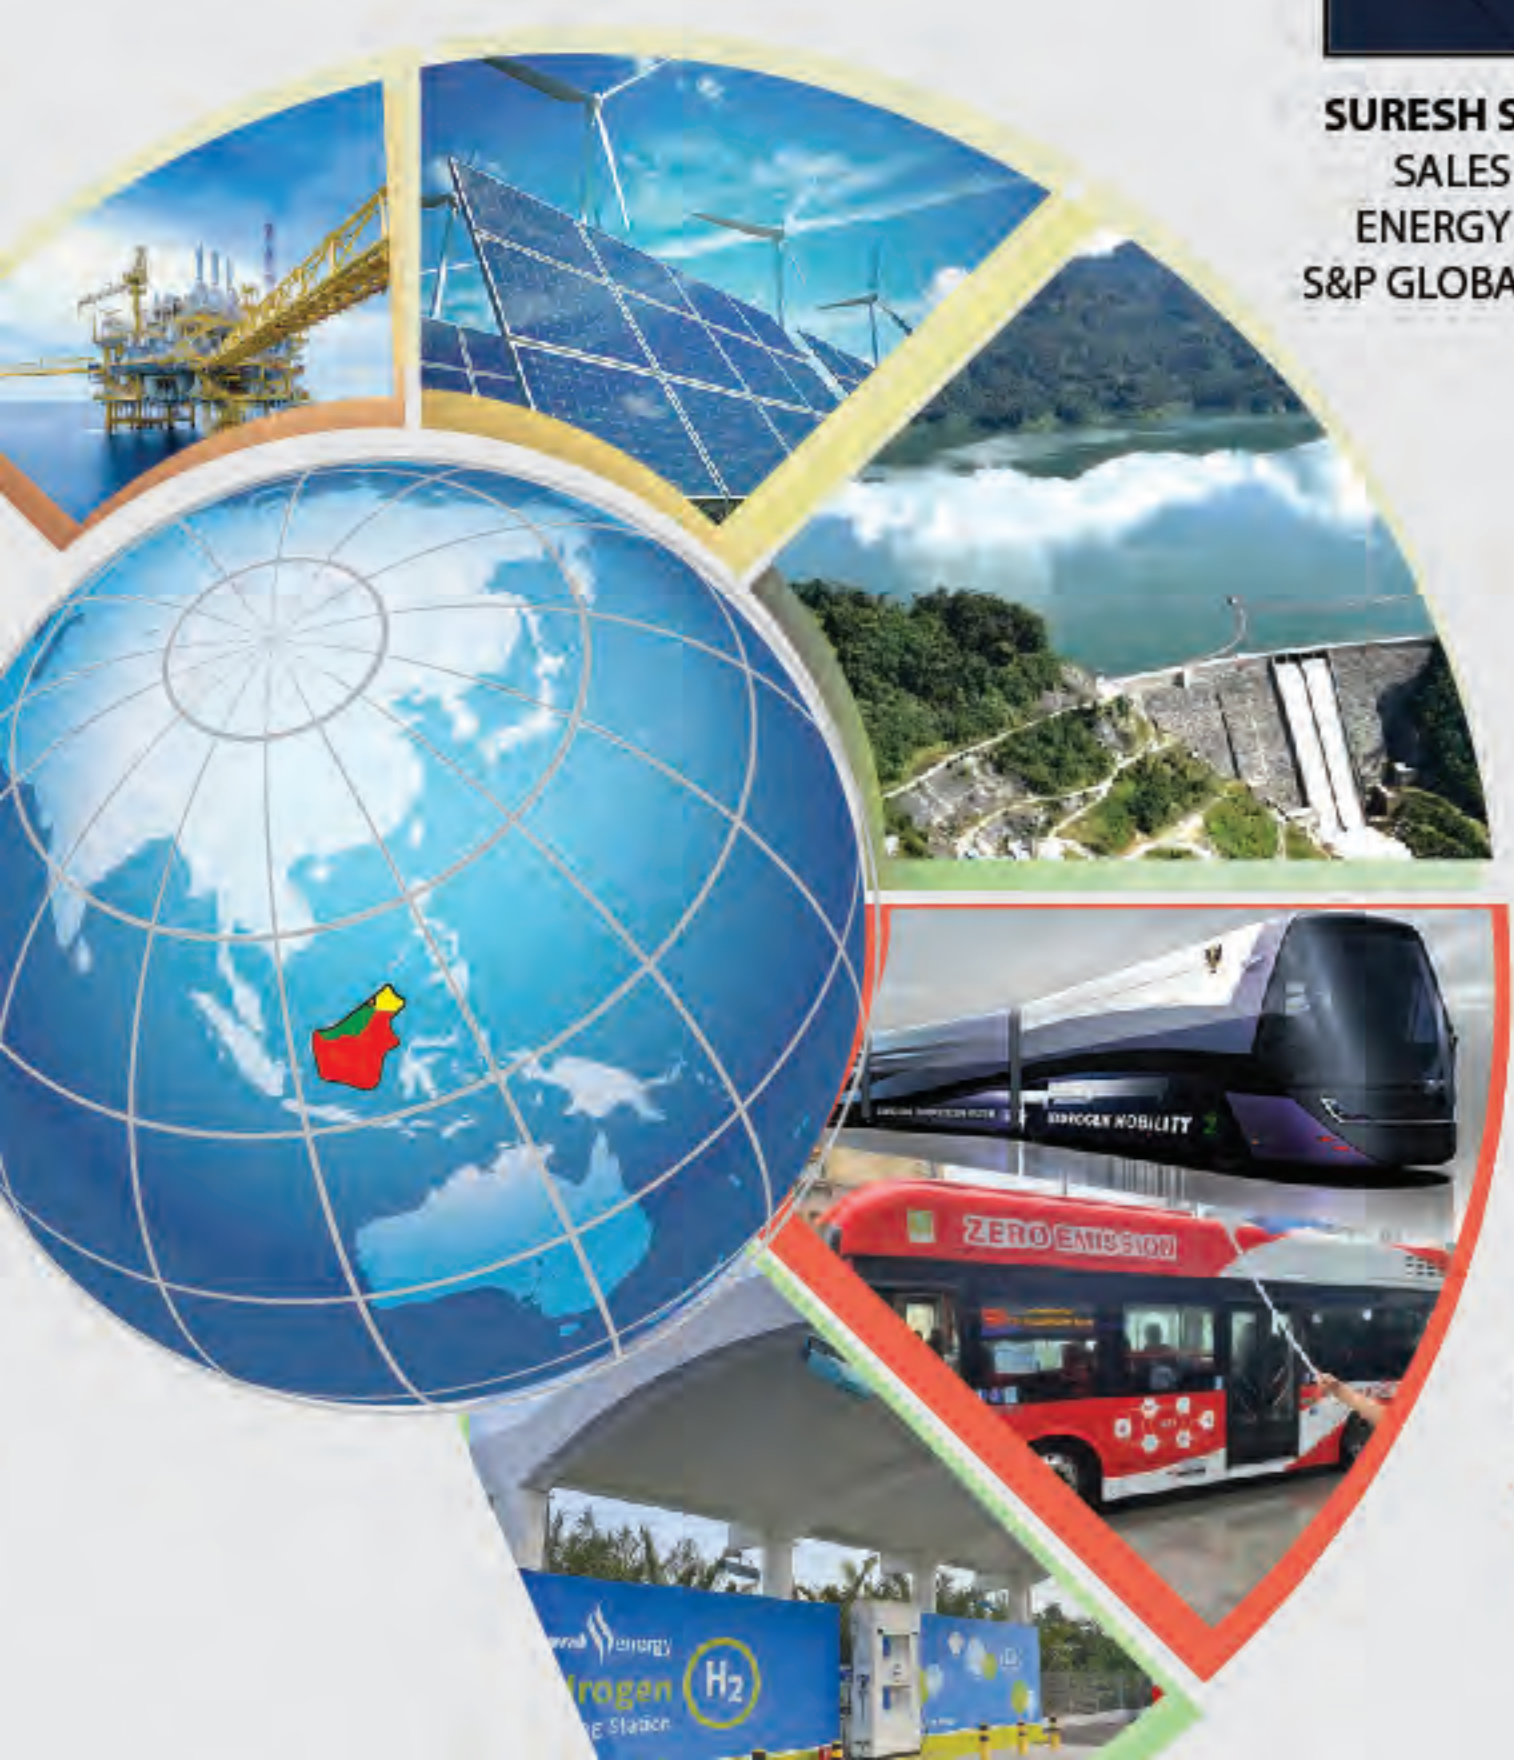

**ROBERT HARDIN**  
CHIEF EXECUTIVE OFFICER SEDC ENERGY SDN BHD

**MR. SATORU OTATSUME**  
DEPUTY GENERAL MANAGER, HYDROGEN BUSINESS DEPARTMENT ENEOS CORPORATION

**SUSHIL PUROHIT**  
CHIEF EXECUTIVE OFFICER GENTARI

For details on the preliminary Summit Programme and registration please visit [www.iew.my/summit](http://www.iew.my/summit) or contact Ms Farrah at [farrah@ambtarsus.com](mailto:farrah@ambtarsus.com).

### IEW 2023 TO BE OFFICIATE BY THE PREMIER OF SARAWAK

The Right Honourable Datuk Patinggi Tan Sri (Dr) Abang Haji Abdul Rahman Zohari bin Abang Haji Openg will be attending IEW 2023 as the Guest of Honour and will be officiating the opening of the event.

To Be Officiated by:

**THE RIGHT HONOURABLE DATUK PATINGGI TAN SRI (DR.) ABANG HAJI ABDUL RAHMAN ZOHARI BIN TUN DATUK ABANG HAJI OPENG**  
PREMIER OF SARAWAK

### HERE'S WHAT YOU CAN EXPECT AT IEW 2023

**MEET** over 200 brands and companies in the energy sector

**JOIN** over 5,000 industry professionals in the sector who will be attending as visitors, exhibitors, VIPs, speakers, delegates and participants

**EXPERIENCE** products and technologies from 15+ countries including Singapore, Thailand, Malaysia, China, Japan, Korea, France, Italy, Spain, USA, Canada, Australia and more

**KEEP UP** with the latest innovations, technologies, trends and industry developments

**LEARN** from experts at concurrently-held technical symposiums

**NETWORK** with fellow industry professionals, investors, entrepreneurs and regulators

## ALPINE PIPE MANUFACTURING SDN BHD

Alpine Pipe Manufacturing Sdn Bhd takes prominence being recognized as the premier and the largest ERW (Electric Resistance Welded) steel pipes and hollow sections manufacturers in Malaysia and South East Asia, with a plant capacity of 500,000 metric tons per annum. It is the first and only one manufacturer in Malaysia that has a capability to manufacture pipe and hollow sections of 18" diameter up to 16mm wall thickness using the latest ERW technology.

## ALTEC INDUSTRIAL & ENGINEERING SUPPLY SDN BHD

was incorporated on 4th October 1989 under the Malaysian Companies Act of 1965 and allocated with a Company number 187618-K. The company main businesses are focus in Trading and Services of Non-Destructive Testing (NDT) Equipment's and related range of products. The Company has since then, grown from an initial of two employees to the present 25 employees and through incorporation and / or acquisition from time to time.

## ARISE GLOBAL PTE LTD

The Arise Global Group provides specialized NDT inspection services to a wide range of industries globally. Technology and service quality forge our identity in the market place. Arise develops innovative capabilities in-house and through targeted collaborations. We have track record of overcoming demanding and challenging inspection scenarios. Do engage our experienced and energetic team for your inspection needs.

## ASIANA BRIDGE SDN BHD

Future Pipe Industries is a leader in engineered, performance-based, fiberglass pipes. With a comprehensive product portfolio of fiberglass pipe systems, FPI has a solid reputation for designing, manufacturing, and installing bespoke pipe solutions for leading companies in the fields of Oil & Gas, Water, Industrial and Marine. Established in 1984 in Dubai UAE, Future Pipe Industries (FPI) has rapidly grown to become a global leader in anti-corrosive fiberglass pipe system design and manufacturing.

## AUTOMATION & CONTROL SYSTEMS SDN BHD

Automation & Control Systems Sdn Bhd is a system integrator specializing in turbines & engines control or governing systems, AVR, vibration monitoring system, SCADA and power management controls. In addition, we also provide power cable scanning and monitoring services using state-of-the-art technology. One of our core activities is electronic and mechanical-hydraulic governors repair/overhaul. We serve the oil & gas, power generation, petrochemical and marine transportation industries.

## BOERGER PUMPS ASIA PTE LTD

Boerger GmbH, a world's leading manufacturer of Rotary Lobe Pumps and Macerating Technologies - offices and representations had been established in 70 countries till date, having Boerger Pumps Asia Pte Ltd the Regional Headquarter for Asia Pacific in 1997. With our two series of BLUEline and ONIXline, the portfolio of 25 pump sizes with flow rates of 1 - 1,440m<sup>3</sup>/h and pressure stabilities of up to 16 bar, Boerger can offer the perfect pump for every single application.

## BROOKE DOCKYARD AND ENGINEERING WORK CORP.

Brooke Dockyard was established in 1912 during the reign of the 2nd White Rajah of Sarawak, Charles Brooke. It has undergone a few organisation restructuring since then (understandably!) and in 1977, Brooke Dockyard become a fully owned Government Statutory Body under the BDEWC Ordinance (Cap.100). Brooke Dockyard now has firmly established itself as a leading marine engineering entity in Sarawak with active involvement in the oil & gas, shipbuilding, ship repair, bridges infrastructure and onshore manufacturing sectors.

## BUREAU VERITAS (M) SDN BHD

Bureau Veritas is a global leader in testing, inspection, and certification services. Created in 1828, we have supported clients in improving their performance by providing services and innovative solutions to ensure that their assets, products, infrastructure and processes meet standards and regulations in terms of quality, health and safety, environmental protection and social responsibility.

## CAVAGNA GROUP

Cavagna Group is a key industrial partner for the control, industrial process management and metering being safely used in all types of gases. Founded as a family run business, Cavagna Group has been in operation since 1949 in Northern Italy. Cavagna Group Asia is one of the 17 Group's manufacturing and distribution centres, for Compressed Gases and LPG Valves, based in Samut Sakhon, Thailand.

## CBA INDUSTRIES SDN BHD

CBA Industries is a Malaysian-owned company who distributes industrial hardware products from abrasive to safety products. We are master distributor of the listed brands since its inception in 1975 for both Malaysia & Singapore. We bring quality and value to our customers and it is our pleasure to serve your enquiries.

## CETM ELECTROTEST SDN BHD

We established our first overseas branch office, CETM Electrotest Sdn Bhd, in Kuala Lumpur, Malaysia in 2005, followed by another branch office in Penang in 2007. Throughout the 1990s, providing top-notch electronic test and measurement equipment to the explosively expanding electronic manufacturing industry was our primary business. Our team evolved, and we expanded our market coverage to include important sectors like oil & gas, marine shipbuilding, education, transportation, utilities, and electrical manufacturing.

## CRESCENT ENGINEERING (M) SDN BHD

Crescent Engineering (M) Sdn Bhd (CESB) was established in November 2000 which cater niche market that provides specialized maintenance, equipment upgrade, revamp and engineering services to the oil and gas, refining, chemical, power, and other asset-intensive industries with a comprehensive portfolio of industrial maintenance, modification, and shutdown services.

## DAYA HELANG SDN BHD

Red Wing stands with you to help protect and outfit your workers - for the satisfaction of a job well-done, and the promise of a safe return home. Since 1905, Red Wing has embodied the highest quality work boots and shoes. • Superior-quality safety footwear, built to ensure comfort, durability, and performance • Unbeatable selection of sizes and widths, with 350+ men's and women's styles • Innovative safety technologies • One-year limited warranty on Red Wing Shoes branded work footwear.

## DAYA SINGA SDN BHD

When it's time to choose the right Fire Protection & Safety Equipment supplier for your business, you can count on Daya Singa Sdn Bhd! Align with our tagline "Delivering Global Solutions Locally", we are thrilled to represent Valvetight, Dropsafe, Gastron, and Lanotec goods and solutions. Dropsafe is your global leader in dropped object prevention, while Gastron can offer from fixed to portable gas detector. Worry-free from corrosion with our Lanotec products. Valvetight, with their DBB-Saver that is used to fully prevent any leakage through either a Double Block & Bleed valve configuration or through a Single Isolation valve during during maintenance work.

## DOKA FORMWORK MALAYSIA SDN BHD

Doka formwork is a versatile and flexible system of temporarily supporting structures for concrete structures during the construction process, including walls, columns, beams, and slabs. The system is known for its high quality, durability, and ease of use, which can help to speed up construction times and reduce costs.

## INDUSTRIAL PLANT & SERVICE MALAYSIA BERHAD

Rotating machinery excellence for you  
Providing the highest quality professional sales and services for all your rotating equipment needs in Australia, New Zealand, PNG, Pacific Islands, Indonesia and Malaysia for over 40 years.

## EASTWEST ONLINE (M) SDN BHD

Eastwest Online (M) Sdn Bhd was established and incorporated in April 1998. The main thrust of its activity was in its efforts in reducing production cost by making maintenance a true profit centre. It was therefore with this in mind that its main activity was all geared towards the supply and training for tools and equipment made specially for the purpose of Condition Monitoring of Plant Rotating Equipments. These tools allow plants personnel to identify disturbances (onset of faults) in rotating machinery long before they give rise to problem (or breakdown).

## ENDOMATRIX (M) SDN BHD

Endomatrix (M) Sdn Bhd is an active well-established company of supplying and Services of Non-Destructive Testing ( NDT ) Equipment and related range of products for industrial use. Our Company offer Conventional and Advance Nondestructive testing tool with cost effective solutions to overcome the Nondestructive testing challenges. To identify and deliver the optimal Nondestructive testing and system to meet your need and requirement.

## ENE PETRO SERVICES SDN BHD

ENE Petro Services has been appointed as exclusive representative for FARRIS safety relief valves, Honeywell for fire & gas detectors and we also host globally to Alco, Dyna Flo, Pressure Tech and Pietro Fiorentini

## ENERGY INDUSTRIES COUNCIL

Unlock the power of international trade with the EIC, the proud winner of the 2023 King's Award for International Trade. For over 80 years, we've helped companies of all sizes to maximize their business opportunities in the energy industries. We're passionate about helping our member companies to export, diversify, and grow. Visit us at our booth to discover how we can help your business achieve its full potential. Learn about our proven strategies for exporting, diversifying, and growing, and connect with like-minded professionals who share your ambition. Join us and unlock the limitless potential of international trade.

## EQ ENGINEERING SDN BHD

EQ Engineering Sdn Bhd is a Petronas licensed vendor serving the oil & gas, petrochemical and power industry in Malaysia since 2010. Over the years, through people competency, project delivery and management commitment, we have made ourselves known as a trusted and reliable vendor in the oil and gas industry. With the vast experience obtained throughout the years, we are highly focus on Explosion Proof Solutions, Battery Solutions, Pig signalling, Hilti Fastening Solutions, Gas Detector Solutions and Hand, Finger, and Body Protection

## ERA SUREWAY SDN BHD

Era Sureway Sdn Bhd is a Malaysian Sarawak based Bumiputera company located in Miri. As a Petronas approved vendor, our aim is to provide world class marine service to the oil and gas industry. Alongside our affiliate Sealink International Bhd, we operate a diverse fleet of marine support vessels, including serving the global exploration and marine industry.

## FAAZMIAR TECHNOLOGY SDN BHD

Faazmiar Technology Sdn Bhd is a leading provider of comprehensive real-time and remote monitoring solutions, integrated operations, digital oilfield solutions, 3D visualization of data, advanced data analytics, process workflow digitalization, and optimization services. We are dedicated to revolutionizing the oil and gas industry by harnessing the power of cutting-edge technologies and industry expertise to drive operational excellence and sustainability.

## FLEMINGS SAFETY PTE LTD

Since 1994, Flemings Safety is specialized in the design, manufacturing and supplying of Safety Apparels and Personal Protective Equipment to the vast markets and industries. Our extensive range of products includes Flame Resistant Clothing (FRC), Industrial Workwear, Corporate Apparels, Spill Containment Supplies, LOTO and Head-to-Toe PPEs such as safety helmet, safety eyewear, hearing protection, safety footwear, protective gloves and every kind of essentials you need in any work conditions. We deliver our Workwear and safety supplies from Singapore, Malaysia and Indonesia to wherever you are in the world.

## FLOWDY

FLOWDY is a manufacturing company specializing in rotating turbine parts of Steam Turbine and Gas Turbine and produces products by carrying out all processes such as processing special alloy materials directly through centrifugal casting, forging, and heat treatment.

## FLUENTA ASIA PACIFIC SDN BHD

Fluenta is a world leader in ultrasonic flare gas measurement with a mission to empower the oil and gas industry to stay at the forefront of legal and environmental compliance through accurate measurement, unrivalled temperature-handling capabilities, and ultrasonic sensing innovations. Fluenta's sole focus and dedication to flare gas measurement since 1985 enables it to design and deploy robust solutions for the industry's most challenging applications and conditions.

## FOSHAN SHUNDE JUNYING HARDWARE & ELECTRICAL APPLIANCE CO., LTD

ATEX Portable Lighting, ATEX Fixed Lighting, ATEX Pneumatic Lighting, ATEX Wiring Accessories

## HL-KATTOR INDUSTRY CO., LTD

HL-KATTOR Industry Co., Ltd was founded in 2005, the company is headquartered in the East lake high-tech zone of Wuhan. Having three manufacturing operations situated in WuHu, Huanggang, and Ezhou. It is a national high-tech corporation focused on expert engineering construction, transport, lifting, and launching technology solutions. The product lines includes segmental launching gantries, synchronous jacking and weighing system, jacking form-work platforms, self-lifting platforms, heavy transporters (Types of rails and Rubber Tyre Gantry), portal cranes, derrick cranes, mast cranes, travel lifts, and so on.

## HUAWEI

Huawei Digital Power Technologies Co., Ltd. (Huawei Digital Power for short) is a leading global provider of digital power products and solutions. We are committed to integrating digital and power electronics technologies, developing clean power, and enabling energy digitalization to drive energy revolution for a better, greener future. In the clean power generation sector, we help create new power systems that primarily rely on renewable energy. In the green ICT power infrastructure sector, we help build green, low-carbon, and intelligent data centers and communications networks.

## TS ELECTRICAL MARKETING SDN BHD

Established in May 1991, TS Electrical Marketing Sdn Bhd (TSEM) has grown exponentially over the decades. Operating from our manufacturing facilities in Puchong, Selangor, our core business encompasses the design, fabrication, installation, commissioning, maintenance and servicing of various electrical equipment. These include plc control panel, soft starter control panel, MCC control panels, switchgear and more.

## IEV (MALAYSIA) SDN BHD

With over 35 years of experience in the oil and gas industry, we provide an extensive range of asset integrity management solutions for both upstream and downstream operations.

## JJ-LAPP (M) SDN BHD

JJ-Lapp was founded as a joint venture between Jebsen & Jessen Pte Ltd and Lapp Holding Asia Pte Ltd, a subsidiary of Lapp Group in Germany, to become the leading cable and connectivity solutions provider in ASEAN. Located in seven countries across ASEAN, our team is committed to building trust-based partnerships with our customers and helping them achieve the business success they desire. We are proud to have served the Building Automation, Industrial Automation, Renewable Energy, Original Equipment Manufacturer, Transportation, and Automotive sectors with cable and connectivity solutions since 1980.

## JX NIPPON OIL & GAS EXPLORATION (M) LTD

JX Nippon Oil & Gas Exploration (Malaysia) Limited started its commercial production of natural gas and condensate from Helang Field, Block SK10 Offshore Sarawak in 2003. Since then, JX Nippon strengthen its presence in Malaysia through continuous development projects.

## KIRBY SOUTHEAST ASIA

Kirby South East Asia ("Kirby SEA") is part of Kirby Group and strengthens its reach in Asia Pacific. Kirby SEA's factory is located in Vietnam and its annual producible capacity is 50,000 MT. Kirby SEA caters multiple markets in South East Asia - Vietnam, Singapore, Thailand, Myanmar, Philippines, Indonesia, Cambodia, Laos PDR, South Asia - Bangladesh and Sri Lanka and Oceania - Australia and New Zealand.

## KM KINLEY MARKETING PTE LTD

KM Kinley manufactures Dyken water-driven gas freeing fans, Cobolt Roto Rust machines, pneumatic and electrical ventilation fans, high speed mucking winches, air tools, etc.

## KROHNE EMAS OIL & GAS SDN BHD

The KROHNE Group is a global manufacturer and provider of process instrumentation, measurement solutions and services in many industries. Founded in 1921 and headquartered in Duisburg, Germany, we offer local contacts for instrumentation projects of any size in over 100 countries. KROHNE stands for innovation and highest product quality and is one of the market leaders in process industry.

## LAVA PROTOCOLS SDN BHD

Lava Protocols is an award-winning Salesforce partner and reseller with its mission to empower companies in Malaysia and around the region by transforming their business using world class cloud-based solutions. Lava is committed to making a positive impact on the environment by providing businesses with tools and strategies to reduce their carbon footprint and increase their sustainability efforts.

## LONESTAR TRIPLEFAST PTE LTD

LoneStar stocks, manufactures and distributes a wide variety of fasteners and gaskets in range of sizes, grades and materials. Across the Group's global businesses, LoneStar specialise in supplying high performance fasteners and gaskets to major OEMs, distributors and end users across the world's energy markets.

## MAXIS BROADBAND SDN BHD

Maxis Managed Network Services by Maxis Business provides end-to-end professional and managed services including designing, implementing, and managing all layers of complexity by leveraging on the latest technology and in-house experts. As a result, organisations can refocus on their core business, improve efficiency, and make better network decisions. Maxis Mobile Private Network offers deterministic wireless connectivity that powers industrial automation & IoT requirements. Powered by MEF 3.0 certified Maxis Programmable Network, it is the driving force behind IR4.0, production quality, safety & security.

## MALAYSIA PETROLEUM RESOURCES CORPORATION

Malaysia Petroleum Resources Corporation (MPRC) is an agency under the Ministry of Economy tasked with advancing Malaysia's Oil and Gas Services and Equipment (OGSE) sector. MPRC provides policy recommendations to the Government in the oil and gas and energy industries and also advocates for OGSE companies to pivot towards cleaner and sustainable energy as new areas for business growth.

## MALYSIAN OIL, GAS & ENERGY SERVICES COUNCIL

The Malaysian Oil, Gas and Energy Services Council (MOGSC), the largest industry association representing the interests of the Oil, Gas and Energy Industry in Malaysia was established 20 years ago in 2003. MOGSC's main mission is to promote, create awareness, increase the profile and visibility of our members. Now, the association has more than 500 corporate and associate members from every segment of the Oil, Gas & Energy supply chain representing about 60,000 workforce.

## MAPS & GLOBE SPECIALIST (M&GS)

Maps & Globe Specialist providing top-notch mapping solutions to the Oil & Gas, Power Plant, Shipbuilding, Renewable Energy, Palm Oil, Agriculture, Water and Waste industry. We provide a platform for advertising on our map to boost your business and reach decision-makers in the various industries worldwide. We distribute our map through mega trade shows around the world, and our portfolio of products and mapping services are well diversified. Visit our booth A012 to get FREE copies of Oil & Gas - Southeast Asia map and Power Plant - Malaysia map! Register as our website member to view maps online.

## MASTERTEC WIRE & CABLE SDN BHD

Master Tec Wire & Cable is a Malaysian independent cable company established in 2005 located at Rembia Industrial Park (Melaka), dedicated to manufacturing high quality Power Cable, Housing Cable, Control Cable, Instrumentation & Communication Cable, Fire Resistance & Flame Retardant Cable, Conductor, Branch Cable & Fiber Optics for our reputable client across various industries in the Asia Pacific (Thailand, Cambodia, Myanmar, Brunei, & Singapore) region.

## MATRIX INNOVATIONS (M) SDN BHD

Matrix Innovations was founded in 1997 specialising in industrial Remote Visual Inspections (RVI), Non-Destructive Testing system and visual testing solution provider. Since its inception, Matrix Innovations has being a part of Crest Group. Hence, we have grown to a team of more than 150 employees with a strong regional reputation of having the largest technical support group in South East Asia specialising in Imaging & Analytical X-Ray Solutions.

## MUDROCK MEDIA PUBLICATIONS

At Mudrock Media we don't pretend to be the one and only option for every industry and niche out there... that's impossible! Instead, Mudrock Media has been dedicated to helping clients in sectors of Energy, Oil & Gas, Carbon-Capture & Storage, Hydrogen Storage, Maritime, Tele-communications, Real-estate, Hotels, Healthcare, Risk-Management to finding potential customers, connect to new audiences to advertise their services/products through the Industrial-Info FREE MAP at major Expo worldwide, distributed over 500,000 copies to thousands of Clients.

## PRESTAR ENGINEERING SDN BHD

Prestar Engineering Sdn Bhd (PESB) [199401021499 (307178-A)] is a fully integrated manufacturer and supplier of highway guardrails, handrails and accessories. Our highway guardrails, handrails and accessories are manufactured strictly conforming to the design usage and application with the latest engineering knows how and is certified by SIRIM. PESB has been accrediting with LLOYD's ISO certificate towards its Quality Management System Achievement. PESB have the access to the various facilities and technical support which further enhance the capability to undertake all aspect of project involving highway guardrails, handrails and accessories.

## MUI LEE ENTERPRISE

Mui Lee Enterprise Sdn Bhd is a Malaysian based Life Saving Appliances (LSA), Fire Fighting Equipment (FFE), Safety and Marine Equipment sales & service center serving the Marine and Oil & Gas industry both locally & internationally. We provide services right throughout the value chain - from initial consultation with clients to better-understand their needs right through to the distribution of products, operations, product servicing/re-certifications, training and after-sales assistance.

## MUTIARA JAYATEKNIK ENGINEERING

Mutiara Jayateknik Engineering Sdn Bhd was founded in 18th February 2014 in Sarawak with the vision to provide products and engineering services to various industries. We began as a small company headquartered in Kuching, Sarawak with only a handful of employees. Today, we have 4 sales offices all over Malaysia and serving over 500 active customers in Malaysia, Indonesia, Vietnam & Thailand.

## NEXT PETROLEUM SDN BHD

Next Petroleum is major player of pipe, flanges, fittings, all type of valves, barred tees, structural, strainers and special products of any application particularly to upstream operation. Thanks to special agreements with a qualified portfolio of leading manufactures in Italy, UK, Spain, France, Germany, USA, South Korea. NPSB can provide product and assistance in sourcing of any size, schedules, rating and materials within short delivery time. When requires, NPSB also can perform inspection testing through our overseas inspection house on product supplied.

## OCEAN VANTAGE HOLDINGS BERHAD

Headquartered in Miri, Ocean Vantage Holdings Berhad is a one stop integrated solutions provider for Engineering, Procurement, Construction (EPC), project management, non-destructive testing, inspection, rope access services, skilled manpower supply, general civil work, building and infrastructure, electrical and instrumentation, and equipment supply for upstream and downstream segments of the energy, oil and gas industries. We have also aggressively expanded our renewable energy arm by providing solar power panel system and electrical vehicle charging facility. With reputation built over many years, we deliver robust solutions that go beyond the typical approach.

## OLYMPIC CABLE COMPANY SDN BHD

Olympic Cable Company (OCC) began its operations in 1968 in Larkin Industrial Estate, Johor Bahru, as a producer of housing wires and low voltage electric cables. In the years that followed, the company experienced a significant growth and was acquired by PJ Development Holdings Berhad (PJD) in 1990. The acquisition saw the expansion of the Johor factory to accommodate additional machines and the production of a wider range of cable products while a new factory in Malacca was set up in 1997.

## OSSBERGER GMBH + CO. KG

Hydropower has been our business since 1906. Fritz Ossberger not only founded our company, but also developed the renowned OSSBERGER Crossflow Turbine which is indispensable for small hydropower stations with highly variable flows. Today, more than 10,000 tailor-made turbines are installed on all continents. Stationary and mobile trash rack cleaning systems for both small and large hydropower stations and perfectly adapted automation systems complete our product range "Made in Germany".

## PALB ENGINEERING (M) SDN BHD

A Sarawak-based bumiputra owned private limited company: PALB Engineering (M) Sdn Bhd is principally involved in engineering, maintenance, training and fabrication for more than a decade. We are authorised distributor for ROBWAY crane Safety System, distributor and service centre for Bosch Rexroth products and training centre, and PaccarWinch. Offshore containers & Lifting Equipment Revalidation. (MPI, DPI, UTI, DT, Load Test etc.) Trading of wire rope Sling Fabrication, Webbing Slings, Shackles, Other Lifting Tackles, & Stockiest of Lifting Gears & Products. Rental of Equipment's & Lifting Equipment's Mobile Crane.

## PALL CORPORATION

From upstream solids removal and fluid separation, to midstream compressor reliability, to the precision downstream refining processes - oil and gas filtration requirements are incredibly diverse. Pall's coalescer systems deliver superior solids removal and fluid separation in the up- and midstream segment that aids in preventing contaminants from damaging pipelines and process equipment. Our industry-leading technologies and solutions are at work in countless applications, protecting critical operating assets, improving product quality, safeguarding health, and minimizing emissions and waste

## PANSAR COMPANY SDN BHD

Agro Engineering | Building Materials | Construction & Infrastructure | Electrical & Air Conditioning | Heavy Equipment | Information Systems | Integrated Waste Management | Marine & Industrial | Mechanical & Electrical | Oil and Gas | Plantations | Shopping Malls | Sustainable Technologies

## PENTAS FLORA SDN BHD

Pentas Flora, a Scheduled Waste Management company that has been cleaning the Malaysian shores for the past 10 years has proven to benefit many industry stakeholders and business owners. Concentrating on five major disciplines - Oil & Gas, Automotive, Maritime, Laboratory, Lubricant Blending & Packaging, Pentas Flora has mastered Petroleum Re-refining along with maritime services, being renowned as a preferred company for Desludging & De-slopping, De-bunkering and Onshore Tank Cleaning & Demucking.

## PERI FORMWORK MALAYSIA

Founded in 1991, PERI Formwork Malaysia Sdn Bhd provides a wide range of formwork and scaffolding systems, as well as extensive engineering, training and site instruction services. PERI has subsidiaries or representative offices across all countries in South East Asia. We help our customers to carry out their construction tasks both effectively and safely thereby increasing the cost-effectiveness. The PERI engineers possess profound specialist knowledge in formwork and scaffolding technology.

## PETRA ENERGY BERHAD

PETRA Energy began its operations in Miri, Sarawak 35 years ago and has since been involved in providing comprehensive range of activities that span the upstream segment of the oil and gas industry. Today, the Group provides solutions for the oil and gas industry specializing in: • Field development and production • Operations and maintenance • Offshore and onshore facility upgrade, construction & maintenance • Marine offshore support Fabrication yard services • Workshop equipment maintenance services • Project management services

## PETRONAS

Petroleum Nasional Berhad (PETRONAS) is a global energy and solutions company, ranked amongst the largest corporations on Fortune Global 500®.

We seek opportunities in energy investments both in hydrocarbon and renewables across the globe and maximise value through our integrated business model. Our portfolio includes conventional and unconventional resources as well as a diverse range of fuel lubricant, and petrochemical products. This is further strengthened with a successful product delivery track record. Our customers are at the heart of everything that we do and our businesses are anchored on meeting their needs.

Our technology is our differentiator and the key to ensuring excellence in all that we offer – energy, products and solutions, as well as unlocking new business frontiers. Sustainability is at the core of everything that we do, as we believe in harnessing the good in energy to add quality to everyday lives. People are our strength and partners for growth. We believe in progressing with our partners in addressing the evolving needs in today's changing energy landscape.

## PROFICIENT INSPECTION SERVICES SDN BHD

Professional Non-destructive testing (NDT) services specializing in advanced techniques, originating from Sarawak but provides services internationally.

## PTTEP SARAWAK OIL LIMITED

PTT Exploration and Production Public Company Limited (PTTEP) is the E&P flagship of PTT Group, Thailand's national oil company. Currently, PTTEP has more than 50 projects globally. Our business is driven by the vision to become the "Energy Partner of Choice" through competitive performance and innovation for long-term value creation. At PTTEP, we believe that, to achieve the ultimate goal in ensuring energy security and sustainable growth for all, collaboration is more vital than competition.

## QASTURIE OFFSHORE ENGINEERING SDN BHD

QASTURIE OFFSHORE ENGINEERING SDN BHD is a wholly Malaysian owned company with the head office in Miri, Sarawak, Malaysia incorporated in October 10th, 2010. We specialize in Mechanical Engineering Maintenance with core competencies in joint integrity management, hydraulic bolt tensioning and torquing. QASTURIE OFFSHORE ENGINEERING SDN BHD through its own experiences providing project management services. It has its own strategic approaches in providing the best services to meet objectives and other requirements by the clients.

## RBM BUILDING MACHINERY TRADING SDN BHD

RBM Providing a Simplified Building Method building in triple quick time frame helping builder to build fast yet in a systematic order to ensure its quality only using a small team of workers. Simplified means, column beam wall slab staircase these 5 elements within building, all will be construct in one go! Here's come the Volumetric Construction method which we RBM been well develop over 10 years. We set a benchmark in the market that 1000units can be build within a month.

## REGIONAL CORRIDOR DEVELOPMENT AUTHORITY (RECODA)

RECODA oversees and manages the SCORE Development Plan as the implementing agency for infrastructure and socio-economic projects within the SCORE region. RECODA is also tasked with drawing investors to Sarawak and creating job opportunities. In working towards achieving Sarawak's investment and development goals, we have the full backing of the Sarawak Government as well as all relevant Federal and State departments.

## S&P GLOBAL

S&P Global Commodity Insights® provides respected benchmarks, perspectives and solutions for commodity and energy markets, helping customers zoom in on the near term and zoom out for the big picture. By enabling decisions that create sustainable value, we help accelerate progress in the world.

## SAGA SINARMAS SDN BHD & SARANEO HOLDINGS SDN BHD

Saga Sinarmas Sdn Bhd

Saga Sinarmas Sdn Bhd (SSSB), incorporated in November 2014, is a petronas licensed company that serves diverse ranges of customers including multinational oil corporation and national oil company. First, future fire extinguisher that uses non-toxic potassium-based smoke to effectively extinguish fire while leaving no extinguishing residues, causing no damage to the engine and electrical devices.

## SARAWAK ENERGY BERHAD

Sarawak Energy is an energy development company and a vertically integrated power utility with a vision to achieve sustainable growth and prosperity for Sarawak by meeting the region's need for reliable and renewable energy. Founded in 1921 and built on a foundation of a century of operations, the company serves a population of 2.5 million in Sarawak and more beyond its borders. As Malaysia's largest renewable energy provider, Sarawak Energy is powering Sarawak's sustainable growth with affordable and predominantly renewable hydropower, complemented by indigenous coal and gas for security of supply.

## SARAWAK SHELL BERHAD

Shell is a global leader in power, energy, and gas technology and is working to meet increasing energy demand and supply challenges by delivering smarter products and cleaner energy, infrastructure, and by developing new energy sources while addressing the impact on the environment. Malaysia is one of Shell's heartlands. The history of Shell in Malaysia started about 130 years ago. Shell currently has a strong market presence in the upstream, gas-to-liquids, downstream and business operations sectors in Malaysia.

## SGS (MALAYSIA) SDN BHD

We are the world's leading testing, inspection certification and verification company. We also offer training and consultancy services. Our core services include: Testing - We test the quality, safety and performance of your products against relevant health, safety and regulatory standards. Inspection - Control quantity and quality, and meet all relevant regulatory requirements across different regions and markets. Certification - Mitigate risks, improve efficiency and compliance, and ensure best practices with audits and certification.

## SIEMENS MALAYSIA SDN BHD

Siemens Malaysia Sdn Bhd (SMSB) is a leading technology company with comprehensive products and solutions, and emerging technologies for various markets in the Malaysian economy, under its Digital Industries and Smart Infrastructure businesses. It focuses on the areas of intelligent infrastructure for buildings, grids and distributed energy systems, more resource-efficient factories, resilient supply chains, as well as automation and digitalization in the process and manufacturing industries. The company creates technology with purpose, adding real value for customers.

## SIRIM QAS INTERNATIONAL

"SIRIM QAS International Sdn. Bhd. is Malaysia's leading testing, inspection and certification body." After three decades of providing testing, inspection and certification under SIRIM Berhad, the company established a wholly-owned subsidiary of SIRIM Group – SIRIM QAS International in March 1997. Today, local and international customers from various economies have made us the preferred choice for their testing, inspection and certification needs.

## SM ULTIMATE VENTURES ENGINEERING SDN BHD

SM Ultimate Ventures Engineering Sdn Bhd was founded in 2013 by a group of dedicated and professional engineers. The company better known as SMUVE is registered under Companies Commission of Malaysia having registration number of 1051361-A. SMUVE provides as exclusive engineering service solutions to various industrial sectors which includes Oil & Gas (Upstream, Midstream & Downstream), Chemical & Petrochemical, Oleochemical, Power Generation, Manufacturing and other related industries.

## SOUTHERN CABLE SDN BHD

Southern Cable is Southeast Asia region supplier of power, data, fire resistant, instrumentation, control and armoured cables, delivering cable solutions locally and internationally. We work across industry sectors, including, renewable energy, building, infrastructure, rail, telecommunication, oil & gas to deliver some of region most prestigious projects. Established in 1993, our reputation has been built on our commitment on quality, technical expertise and customer centric service.

## SRIBIMA (M) SHIPPINGS SDN BHD

Established in 1981 with headquarters based in Miri, Sarawak (Malaysian Borneo). SRIBIMA specializes in providing Offshore Support Vessels (OSV) to the Offshore Oil and Gas Industry. We presently own and operate a number of OSVs. With over 36 years of experience, we gain trust, and strong industry networks. We pride ourselves in swift efficiency to execute various challenging tasks. Please visit our website [www.sribima.com.my](http://www.sribima.com.my) to know us more.

## SRIBIMA MARITIME TRAINING CENTRE SDN BHD

Sribima Maritime Training Centre Sdn. Bhd. (SMTC Malaysia) was established in Malaysia in 1988 with the primary objective to provide worldwide competence-based safety training. We have expanded our reach to the global oil & gas industry markets in North America, South America, OCEANIA, Asia, Europe and Africa. Our training facilities are fully equipped with comprehensive training equipment to simulate the actual working environment under controlled condition. The simulated realistic environment is ideal for competence-based training and assessment.

## TAI CREST RESOURCES SDN BHD

Tai Crest Resources Sdn. Bhd. is a manufacturing and service provider of flare burner, flare tip and ignition system – delivering robust engineering solutions that are compliant with international Oil & Gas standards. TCR is licensed by PETRONAS to carry out manufacturing services for flaring system & accessories in Malaysia. We are certified with international standards for quality management system, ISO 9001 and occupational health and safety, ISO 45001. Our pilot burner designs are in compliance with API standard 537.

## TAWAJJUH BUSINESS CONSULTANT

Tawajjuh Business Consultant is Official Mandate Partner For LLC RN-Komsomolsk Refinery (A Subsidiary Of Rosneft Oil Company) LLC RN-Komsomolsk Refinery manufactures and markets petroleum products including motor and jet fuels. The company's crude distillation refinery capacity equals 46.9 million barrels per year. The company was founded in 1938 and is based in Komsomolsk-on-Amur, Russia. As of April 18, 2006, LLC RN-Komsomolsk Refinery operates as a subsidiary of Public Joint Stock Company Rosneft Oil Company.

## TECHNIP ENERGIES (M) SDN BHD

Technip Energies is a leading engineering & technology company for the energy transition, with leadership positions in LNG, hydrogen and ethylene as well as growing market positions in blue and green hydrogen, sustainable chemistry and CO2 management. The company benefits from its robust project delivery model supported by extensive technology, products and services offering. Operating in 34 countries, our 15,000 people are fully committed to bringing our client's innovative projects to life, breaking boundaries to accelerate the energy transition for a better tomorrow.

## TECHTRONIC POWER TOOLS (M) SDN BHD

Milwaukee Tool is an industry-leading manufacturer of heavy-duty power tools, accessories and hand tools for professional users worldwide. Since the company began in 1924, Milwaukee Tool has led the industry in both durability and performance. With an unwavering commitment to the trades, Milwaukee continues to lead with a focus on providing innovative, trade-specific solutions.

## TEKNO BUMI SDN BHD

TEKNO BUMI SDN BHD was incorporated under The Company's Act 1965 in the year 1994 as a private limited company. It has undergone many years of dormant state and was activated in 2008. It involved itself into many types of business but to no avail. Only in 2010 did the company makes its mark in the telecommunication industry and remain active till to date. Started small but with vigilance, this 100% Bumiputra family-owned company has now ventured into different area of businesses; electrical distribution industry mainly in supporting the development of connection systems in low and medium voltage field.

## TERRA ENERGY (SARAWAK) SDN BHD

TERRA ENERGY SARAWAK SDN BHD (TESSB) history begins in September 2016, with the foundation of 100% Malaysian-Bumiputera, Oil and Gas trading company. In our effort to capture the support from East Malaysian clients, TESSB has set up a sales & service office in Bintulu, Sarawak. We have developed trading based on three segments: Network, Sourcing, and Logistics. Concurrently, we have also established an international network consisting of our principals worldwide, such as Trillium Flow Gabbioneta/Begemann, SIAD Macchine Impianti, Kosaka Laboratory, Daito Kogyo, Watanabe Blower, Nakakita Valve, Fukui Valves, and other reputable international makers.

## ARMAL ASIA LIMITED

Armal Asia Limited is a portable toilet trading company that has a strong presence in the Asian market. We specialise in supplying portable toilets for various industries, and we have extensive experience in the toilet business. Our manufacturing factory, located in Italy, produced high-quality portable toilet units that are durable and reliable, easy assembling. These units are kept in our Taiwan store and distributed to our customer in Asia

## TREMCO CPG MALAYSIA SDN BHD

At Tremco Construction Products Group (CPG), we are committed to shaping the future through innovative approaches and sustainable solutions. Tremco CPG's renowned building and infrastructure products are preferred solutions for architects, contractors, and authorities which expands Tremco CPG presence in local and international projects. Tremco CPG's broad-range of infrastructure products including bridge expansion joints, bridge deck waterproofing, structural waterproofing, macro-synthetic fibre for concrete, jet-fuel resistant sealant for airports and more infrastructure products have made Tremco the ideal-partner to solve complex challenges in infrastructure engineering locally and globally.

## TRISYSTEMS ENGINEERING SDN BHD

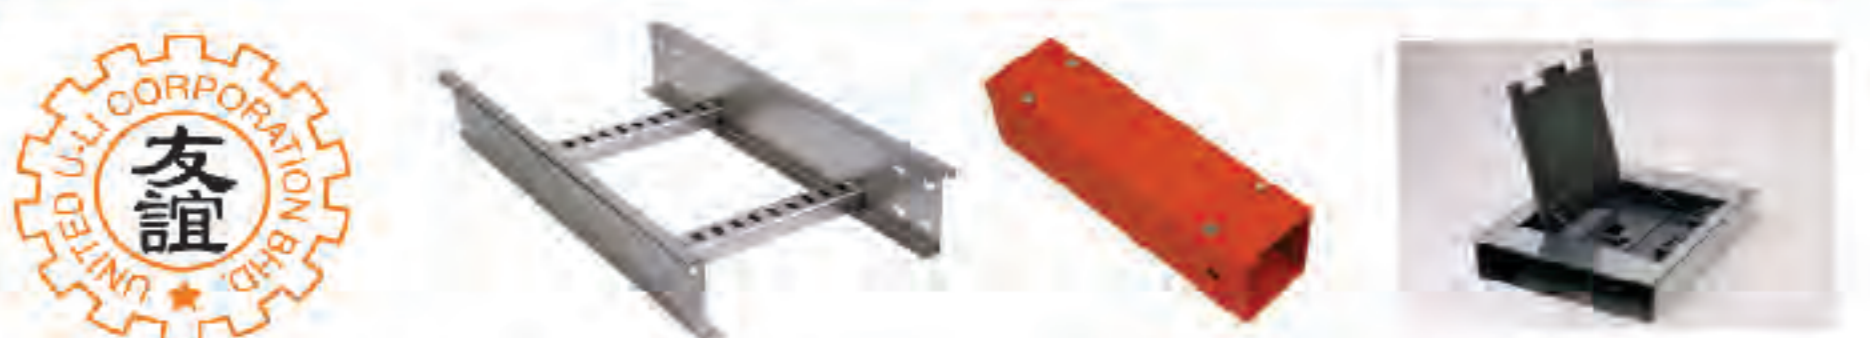

Trisystems provides products and engineering services prominently for various industries. As a system integrator, we offer comprehensive end-to-end solutions including safety systems, advanced software solutions, process packages, fire protection solutions, filtration, combustion, pneumatic and hydraulic.

## UNIT CONCEPT SDN BHD

Unit Concept was established in July 2000, initially to serve the growing outsourcing needs of medium to large-scale companies involved in engineering processes and projects within the O&G industry. Five years down the road, we expanded our business to include trading and services, specialising in engineering and system integration. We provide industrial solutions & products to the O&G, petrochemical and power generation industries in Malaysia. UCSB is also agent for many well-known, international brands of O&G related products. UCSB is certified ISO 9001:2015. We committed to provide our clients with reliable & quality products, also efficient system solutions and services.

## UNITED U-LI CORPORATION BERHAD

United U-LI - Malaysia's leading manufacturer and reputable business partner of industrial grade steel cable support management systems. With over 40 years' experience and expertise, U-LI has established a strong following with a footprint in major M&E sectors of Malaysia and regional market. About 40% of U-LI's products are exported to Asean countries, Europe and Middle Eastern markets, with our in-house galvanizing capacity, U-LI offers more flexibility to meet customer demands for high corrosion resistance products and services.

## UNIVERSITI TEKNOLOGI PETRONAS (UTP)

UTP conducts extensive research activities in collaboration with PETRONAS and other institutions and industries, locally and abroad, on six research focus and niche areas. They are self-sustainable building, transport infrastructure, health analytics, hydrocarbon recovery, contaminant management and autonomous system. During the exhibition, we will be focusing on our technology solution as well capabilities that UTP have been progressing developed in Structural Health Monitoring technologies, Compact Fusion Reactor and CCUS, Professional Alliance for Circular Economy, and IR 5.0 Transformation.

## VALSER ENGINEERING

VALSER SYNERGY SDN BHD (formerly known as Valser Oil & Gas Sdn. Bhd.) aims to become the top Malaysian and Asia Pacific Regional "One-Stop-Solution-Centre" for the supply and services of Valves, Actuator and Control for Exploration & Production equipment in the Oil & Gas (O&G), Energy, Maritime, Defence, Port and Petrochemical Industries.

## VECTOR INFOTECH SDN BHD

**Vector InfoTech**  
Empowering Digital Transformation

Vector InfoTech Group (Vector InfoTech) is a Singapore grown global engineering group specializing in Digital Solutions, Cyber Security, Digital Infrastructure and Energy & Sustainable Technologies Solutions. Vector InfoTech Group incorporated in 1992, the Group today operates in over 13 countries, has a sizable and growing workforce of over 300 employees, serves both commercial and industrial sectors across the globe, and offers a unique blend of products/services of highly advanced industrial, smart and sustainable business solutions.

## VELESTO ENERGY BERHAD

**VELESTO**  
energy

Velesto Energy Berhad (Velesto) is a Malaysia-based multinational provider of services for the upstream sector of the oil and gas industry. Velesto owns and operates six premium jack-up drilling rigs, which are capable of operating in water depths of up to 400 feet - ideal for the shallow waters of South East Asia. We are also a provider of workover services through our fleet of hydraulic workover units. In addition, we provide integrated drilling and workover services to meet our clients' requirements.

## W ENERGY SDN BHD

W Energy Sdn Bhd began as construction, oil and gas company in March 2020. Over the 2 years, company has undertaken the many challenging projects and accumulated skills, know-how and experiences in design and build solutions, project management services, building trader and related to engineering work. We also doing supply all kind oil and gas spare part and more focusing on servicing pressure relief valve and regulator, and doing maintenance for all kind valve and regulator.

## WEHAYA SDN BHD

**Wehaya**

WEHAYA SDN BHD is a Bumiputera Engineering Company incorporated in 1990 providing specialized products and services in the oil and gas industry. The Company has been licensed with PETRONAS since 1996 and a trusted and reliable partner to our clients for the past twenty-six (26) years. Its headquarters is in Miri, Sarawak and branch offices in Bintulu, Labuan, Kota Kinabalu, Shah Alam and Kuala Lumpur. It is staffed with more than three hundred (>300) personnel.

## TNF ENERGY SDN BHD

TNF Energy Sdn Bhd (TNF) is a 100% Bumiputera company, focusing on its expertise in providing professional Laser Scanning and 3D Modelling services. As a licensed company with PETRONAS, and with over 11 years of Survey Technical Support experiences, TNF has completed more than 500 surveys and mapping, including engineering, Oil and Gas projects, non-Oil and Gas projects, in and outside Malaysia. Throughout the years, TNF has always focused on striving to be at the top on possessing up-to-date technology know how on its field.

## YOKOGAWA MALAYSIA

**YOKOGAWA**

Decarbonization, today, is a global imperative for governments, businesses, and society, as it is crucial for limiting climate change and supporting environmental protection. Significant decarbonization, alongside a substantial change in the way energy is generated, stored, transported, and consumed is essential for achieving the Sustainability and Net-Zero Goals.

## TORR ENERGY SDN. BHD

Torr Energy is an engineering solution provider specialising in the field of Ex-Inspection and Management Services, Fire and Gas Engineering Services and Advance Electrical Condition Based Monitoring Services. Our dedicated team of more than 55 talented employees are driven towards excellence to create value and sustainable solutions for the industry. Furthermore, we offer attractive and complete rental packages for a wide range of life saving equipment, industrial safety equipment, portable generators, fire safety equipment and electrical testing equipment.

## TECHNOLOGY SYMPOSIUM

### DAY 1- TUESDAY, 13TH JUNE 2023

#### SESSION 1:

- 2.00pm ● Topic: FUTURE PIPE INDUSTRIES – LEADER IN COMPOSITE PIPING SOLUTIONS  
Speaker: SUTA SETASENA  
ASIANA BRIDGE SDN BHD
- 2.30pm ● Topic: PRE-ENGINEERED INDUSTRIAL STEEL BUILDINGS  
Speaker: MR RAJ SEK HAR & MR. TRAN MINH THANH  
KIRBY SOUTHEAST ASIA
- 3.00pm ● Topic: FUSIONSOLAR: ARC FAULT CIRCUIT INTERRUPTER (AFCI) TO SECURE SOLAR INVESTMENT  
Speaker: JAMES LEE CHUNG MIN  
HUAWEI
- 3.30pm ● Topic: POWER TRANSFORMER 1HZ POWER FACTOR TESTING  
Speaker: CHAN BENG HOCK  
CETM ELECTROTEST SDN BHD
- 4.00pm ● Topic: SUSTAINABLE ENERGIES - HYDROGEN & CCUS  
Speaker: AIVIN YONG  
KROHNE

### DAY 2- WEDNESDAY, 14TH JUNE 2023

#### SESSION 2:

- 10.00am ● Registration
- 10.30am ● Topic: UNIQUE WATERPROOF WEARING COURSE PUMA SYSTEM FOR BRIDGE DECK TO SAVE INITIAL AND MAINTENANCE COSTS  
Speaker: DR ABU SALEH MOHAMMOD  
TREMCO CPG MALAYSIA SDN BHD
- 11.00am ● Topic: SMART MICROGRID CONTROL  
Speaker: KEN LOH  
UNIT CONCEPT SDN BHD
- 11.30am ● Topic: ACHIEVING NET ZERO : STRATEGIES AND INNOVATIONS FOR A SUSTAINABLE FUTURE  
Speaker: MUHAMMAD RIZAL AZMI & NIZAM RICHARD  
BUREAU VERITAS (M) SDN BHD
- 12.00pm ● Topic: CONFORMITY ASSESSMENT FOR PHOTOVOLTAICS (PV) MODULES OR VERIFY THE QUALITY OF YOU PHOTOVOLTAICS (PV) MODULES  
Speaker: MUHAMAD ISKANDAR SHAH BIN BACHEK SIRIM
- 12.30pm ● Topic: MISSION CRITICAL APPLICATION ON YOUR MOBILE DEVICE  
Speaker: CHIN-SIANG LIM  
TRISYSTEMS ENGINEERING SDN BHD
- 1.00pm ● End Of Session 2/ Visit IEW 2023 Expo

#### SESSION 3:

- 2.00pm ● Registration
- 2.30pm ● Topic: DECOMMISSING SOLUTIONS  
Speaker: JUZER NOMANBHOY  
IEV (MALAYSIA) SDN BHD
- 3.00pm ● Topic: MINIMISING HUMAN ERROR WITH DRILLING AUTOMATION FOR SAFER AND EFFICIENT OPERATIONS.  
Speaker: TENGKU EZHARUDDIN BIN TENGKU BIDIN  
FAAZMIAR TECHNOLOGY SDN BHD
- 3.30pm ● Topic: WHAT AND HOW ELECTROTECHNICAL (POWER) AND ELECTROTECHNOLOGY (CONTROL) ACCELERATES DIGITAL TRANSFORMATION  
Speaker: NATHAN CHIAM & IR CHANG  
T'S ELECTRICAL MARKETING SDN BHD
- 4.00pm ● Topic: ARTIFICIAL INTELLIGENCE (AI) TO ASSIST MATERIAL CORROSION INSPECTION (MCI), HOOK UP & COMMISSIONING (HUC) WORKS AND ASSETS INTEGRITY MANAGEMENT (AIM)  
Speaker: TENGKU FAIZ  
TNF Energy Sdn Bhd
- 4.30pm ● Topic: LIGHTING SOLUTIONS FOR ENERGY, MANUFACTURING & PROCESSING INDUSTRY  
Speaker: GAURAV YADAV / ARSALAN AHMED  
MUTIARA JAYATEKNIK ENGINEERING
- 5.00pm ● End Of Session 3/ Visit IEW 2023 Expo

### DAY 3- THURSDAY, 15TH JUNE 2023

#### SESSION 4:

- 10.00am ● Registration
- 10.30am ● Topic: NET ZERO CARBON - ACHIEVING THROUGH ROTATING EQUIPMENT  
Speaker: ASHWIN S NARAYANAN OR GEOFF YEOMAN  
INDSUTRIAL PLANT & SERVICE MALAYSIA BERHAD

Seats are limited, based on first come first serve basis. The organizer reserves the right to change the program & speakers in the best interest of seminar.  
More information please email : [amelia@ambtarsus.com](mailto:amelia@ambtarsus.com) or contact +603 2692 6888

## VISITOR INFORMATION

- Date** : 13-15 June 2023
- Venue** : Borneo Convention Centre Kuching (BCCK)
- Opening hours** : 10.00am - 5.30pm
- Admission** : Only for Trade and Professional Visitors. Admission to the Expo is FREE for pre-registered visitors through the official website.

Organised by:

**AMBTarsus**  
EVENTS GROUP

Unit 37.08, Level 37, Menara Multi-Purpose,  
Capital Square, No. 8, Jalan Munshi Abdullah,  
50100 Kuala Lumpur, Malaysia.
